17 PHOTOGRAPHY (FOR PERSONAL / FAMILY USE) AT QSS EVENTS

Statement of Intent

- 17.1. Queensland School Sport is mindful of the possibility of indecent photography of students participating at sporting events.
- 17.2. Queensland School Sport owes a duty of care to students participating in sporting events and has an obligation to comply with departmental policy concerning child protection matters.
- 17.3. Queensland School Sport recognizes that it is a normal and appropriate expectation of parents / carer to be able to visually record the sporting achievements of their children. However, this expectation must be balanced against legitimate concerns that may be raised about inappropriate photography of students.
- 17.4. Queensland School Sport also recognizes that some venue managers/owners may not permit photography in their venue.

Statement of Practice

- 17.5. The taking of photographs (for personal / family use) is therefore permitted at Queensland School Sport events except where an event is held at a venue where venue management prohibits such photography.
- 17.6. Where a venue prohibits photography, signage stating that photography is not permitted will be displayed to spectators on venue entry points.
- 17.7. Where a Queensland School Sport representative reasonably considers that a spectator is engaged in photography of an indecent nature or is engaging in photography contrary to the venue owner's prohibition, if the spectator does not desist, they will be asked to leave the event premises. Police may be called to assist where the event convenor considers it prudent.
- 17.8. The management of this policy is the responsibility of the event convenor in consultation with team officials and venue management.

18 WEATHER

- 18.1. The trials will generally proceed irrespective of weather conditions. Some shelter is available, but students and teachers should bring additional appropriate protection according to their needs. Schools and districts are welcome to bring additional tents if desired.
